

THEREFORE THE  
**HANDLES.**

**Elegant and durable.**

FLATFIX-HANDLES  
2023/24

**BEFORE,  
BEHIND,  
THEREFORE  
THE DOOR.  
DANA.**

**BEFORE**  
life lingers.

**BEHIND**  
a world opens up.

**THEREFORE**

we have the perfect  
FLATFIX handles and  
recessed handles:

**DANA.**

# THE DANA FLATFIX MODELS

„Less is more” – our FLATFIX handles underline this motto beautifully. We have taken the trend towards reduction to extremes. After all, DANA is the trendsetter in flush-fitting design and therefore unique on the market.

## FLATFIX HANDLES

- Unique design highlight: The wafer-thin rosette lies virtually flush with the door leaf
- Available in many design variants in stainless steel, black matt or brass matt

## FLATFIX RECESSED HANDLES

- Perfect addition to the popular FLATFIX handles

# FLATFIX HANDLES

The ingenuity of simplicity.

The wafer-thin, 0.8 mm rosette lies **virtually flush** with the door leaf – on both sides. This wafer-thin form also manifests itself on the recessed handles.

- Elegantly smooth appearance, a highlight not only for flush-fitting doors
- Unique to the market
- Rosette in round or rectangular rounded shape
- Extremely scratch-proof and durable
- Design version:
  - keyless
  - for handles pin lock (discreetly integrated in the rosette)
  - with a key (ward lock or profile cylinder key rosette)

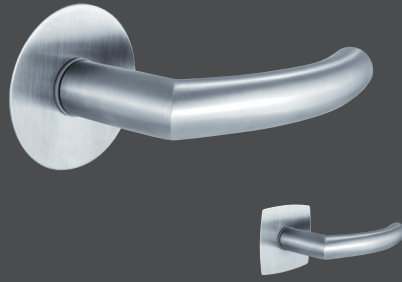

# THE MODEL DIVERSITY

### WAFFER-THIN & UNIQUE

The flattest rosette on the market – only 0.8 mm.

### ELEGANTLY PURISTIC

in every detail: The most minimalist locking system on the market.

# PIN LOCK

Exclusive locking variant for FLATFIX handles.

The elegant, reduced version of the PIN lock is not only **unique** on the market, but also makes this type of locking interesting for other rooms apart from the bathroom and WC, which you would prefer **to lock from one side**. Positioned above the handle, it convinces by to the simple **one-handed operation**.

- Integrated locking system for interior doors **without a classic key**
- PIN lock optional for opening or closing side
- PIN is extremely easy to operate by just using your finger
- **The most minimalist locking system on the market**
- **Child-resistant**, easy to open – emergency opening function on the outside, beautifully shaped and integrated flush into rosette

Child-resistant, but unobtrusive:  
Simply open the door on the outside using the emergency opening function.

# MAGNETIC LOCK

The design addition to the FLATFIX handle series.

The simple elegant DANA FLATFIX handles can be fitted with a DANA magnetic latch lock - for particularly gentle closing.

The latch remains retracted while the door is open and extends automatically thanks to the integrated magnets when the door closes. Discover the smoothest way of door closing.

- Modern, smooth closing action
- Standard on flush version
- More elegant appearance with grooved doors - optional
- More discreet strike plate
- No wear on the strike plate - wear-free
- Lock forend and strike plate in stainless steel
- Latch blocking prevents malfunction
- Easy to clean

Conventional lock for grooved doors

Magnetic lock for grooved doors

# FLATFIX RECESSED HANDLE

**NEW!**

The FLATFIX recessed handle is the ideal handle for anyone looking for an understated ergonomic solution. The handle is milled into the door leaf and only protrudes ever so slightly.

- It is virtually flush with the surface, with a 1.2 mm wafer-thin protrusion for an elegantly flat look.
- Unique design highlight as new DANA standard version
- With its round and rectangular rounded form, it perfectly matches the FLATFIX handle rosettes
- Available in the scratch-proof surfaces stainless steel look and black matt
- With innovative plug-in system and no visible screws
- Suitable for all installation box systems thanks to its small protrusion
- Design versions:
  - Unlocked
  - Locking olive (discreetly integrated into the recessed handle)
  - With a key (ward lock or profile cylinder recessed handle)

Recessed handle FLATFIX rectangular round

# LOCKING TECHNIQUES

For doors with recessed handle.

No matter whether you want to shut yourself away or lock something securely from the outside: The new hook bolt locks of the FLATFIX recessed handle product line can satisfy any day-to-day requirements. A matching folding lever handle has now been added to the range so that you can easily pull the sliding doors out of the wall pockets.

- Available in the surfaces stainless steel look and black matt
- Design version:
  - Locking olive
  - Ward lock
  - Cylinder lock

Folding lever handle for easy pulling out of sliding door from wall cavity

Hook bolt lock with locking olive:  
Discreetly integrated into the recessed handle

# LOCKING TECHNIQUES AT A GLANCE.
